

About Rivershealth

Rivershealth is an experienced residential provider for adults with intellectual/developmental disabilities, with an expertise in supporting comprehensive medical conditions.

We are licensed by the Virginia Department of Behavioral Health & Developmental Services and currently have group homes in the Richmond, Petersburg, and Lynchburg areas.

Our staff and management team have been hand selected for their compassion, quality care, and true understanding of our individuals' needs.

Testimonials

Rivershealth goes over and beyond to provide exceptional care all while eliminating stressors from families and care teams. It would truly be difficult to find a team that is more devoted to their residents and the families that they work with. Csb Danville-Pittsylvania CSB

We couldn't be happier for our Brother G. He finally has a home. A home that cares about him like he was family. Thank you Rivershealth!" J Harris

An Exceptional Residential Provider for Adults with Intellectual/Developmental Disabilities

Our Homes

Our homes are strategically located in safe neighborhoods and we often make adaptations to our homes to meet the specific needs of each individual.

Ramps are available with each of our homes and are constructed in accordance to ADA standards.

All living areas within our homes are tastefully furnished with attention to detail.

Our Staff

The Rivers Health staff is well versed in all levels of care. We guide programming to meet the specific medical, behavioral, spiritual, and emotional needs of each individual.

We have experience in providing care to those who require complex medical support.

We also offer nursing services which are available at each home based on the specific needs of the individual, physician orders and approval from case management.

Locations

We continue to establish locations throughout central Virginia in the following areas:

- Richmond
- Petersburg
- Dinwiddie
- Lynchburg

When considering a new home for your loved one, you'll find what you're looking for at Rivershealth.
